

Your feet are a gift that allow you to love others in more mobile ways.

-Dr. Steven King, Island Podiatry

When you are experiencing problems in your feet, it affects your well-being. Problems like pain can make it difficult to manage all aspects of your life in a healthy and productive way. Seeing a podiatrist could be the right answer. We understand your desire for an active lifestyle and take our commitment to your better health seriously. We are here to help you build a strong and healthy foundation by addressing the podiatric and pedorthic issues that may be keeping you from your best self.

Contact us today to learn how our experience can help you.

About Us

Dr. Steven King is a board certified podiatrist and pedorthic footwear specialist. He is a prior US ARMY officer who started practicing podiatric medicine on Maui in 1998. He has a family and conservative care centered approach and provides medical care at our comfortable, skillfully staffed and high-tech clinic in Wailuku. He is an active staff member privileged to do surgery at the Maui Memorial Medical Center and the Aloha Surgery Center. Dr. King has most recently been a Co-Principle Investigator and SME for the US Department of Defense and Army Medical Research Command on new Advanced Footwear and Orthotic Safety-Systems. Dr. King applies this scientific approach to the care of his patients of all ages and in all stages.
